Chester Carriage Factory. THE undersigned is now prepared to manufacture, at his New Establishment, in Chesterville, all kinds of CARRIAGES, adapted to our rough and hilly country, and of the best Materials. He would suggest, as almost every man in the up-country is more or less a judge of timber, before you buy or or-der a Carriage, no matter where, look around and see what sort of Lumber the builder has and in what condition it is kept. The Carriage-Maker may Lie, Boust, or Bluster as much as he pleases, but the

Grand Secret of carriage-making lies in the Lumber-To buy a cheap Negro, Horse or Carriage, is to verify the old adage; Penny wise and Pound foolish. Give me a fair price for my work, and then if it is

not made right, hold me responsible. If it were not for Paint, Putty and Glue, What would we poor Carriage-Makers do? C. F. HOLST. Chester, Jan. 18, 1855.

THE CASKET. day. If this want can be supplied-if this vacuum,

which the lack of such a paper leaves around many a fireside, can be filled by the publication of the Casket our object will be accomplished. It will be needless to say much here in behalf of the Casket, as we expect it to stand on its own merits; but we will merely remark that in the selections for its columns, the tastes of all classes of our community will be consulted. However, it will be more particularly devoted to Literature, Education and enriched by the pens of several able correspondents,

such matters, the Casket will be perfectly independent, but not neutral. And now, without making further promises, we leave our little enterprize in the hands of the people of Cleveland, and the surrounding counties, and confidently appeal to them for a generous support.
